# GET INTO THE HABIT

## Jack's Habits!

Jack has a regular way of doing things, in a particular order, but his morning routine is all mixed up.

Read about Jack's routine and put it back in the correct order by numbering each section of the story from 1 to 6.

There are mornings when he isn't very hungry, so he eats fruit.

Once they get to school, Jack finds his friends in the playground and usually plays a game before the school bell rings.

After breakfast, he always brushes his teeth before getting dressed.

To get to school, sometimes Jack and Olivia ride their bikes, or Jack's mom drives them to school. Whenever they ride their bikes, they wear their bike helmets. When Jack's mom drives them to school, they always fasten their seatbelts.

When Jack wakes up in the morning, he isn't always excited to get out of bed. Once Jack is up, he gets going.

Every day, he drinks a glass of water before he eats breakfast. He then eats eggs for breakfast or sometimes eats cereal or toast.

## How Does Something Become a Habit?

- You do it **regularly**
- You do it **repeatedly**
- You do it **automatically** without thinking about it

# 7 SAFETY STRATEGIES

Make Safety a Habit for Life

yell!  
yell!

## SHOUT NO! RUN – TELL Someone

If someone asks you to do something that makes you feel confused or uncomfortable, leave the situation and tell a Safe Grown-up about it.

tell!  
tell!  
tell!

## KEEP and SPEAK Secrets

All secrets should have an ending and eventually be told to someone. **KEEP** Secrets are safe secrets. They can be kept because they have an ending, like a surprise party, a present or scavenger hunt. They don't hurt or make you feel bad. **SPEAK** Secrets are secrets that you feel bad about. They are unsafe secrets. It is important to tell a grown-up about **SPEAK** Secrets.

## The BUDDY System

There is safety in numbers. Bring a buddy with you when you go places.

## Trust Your INSTINCTS

Your instincts are the feelings inside of you that warn you of danger. Pay attention to your body's alarm system!

## DIGNITY and RESPECT

All people have the right to be safe and treated with respect.

## If asked to go and your parents don't know, SHOUT NO!

Always ask your parents/guardians before going anywhere. No matter who asks you to go somewhere, check first with your parents/guardians.

## If asked to share and your parents aren't aware, SAY NO!

Always get permission from your parents/guardians before sharing personal information or pictures, online or offline.

Choose the safety strategy to match with the pictures.

# Jack's Weird Wrestling Story

Jack loves playing in his neighbour's backyard with their dragons. His neighbour has a huge play structure that is awesome!

Jack also likes going over to his neighbour's house to help him with jobs because his neighbour pays Jack money. He tells Jack not to tell his parents about the money because they won't let Jack keep it. Jack is saving up to buy a cool toy for his dragon.

Lately, Jack feels uncomfortable going to his neighbour's house. His neighbour has been acting weird. Sometimes they wrestle when he is over there, and it is sort of fun, but also uncomfortable. His neighbour got really hot when they were wrestling, so he took his shirt off. He told Jack to do the same thing to cool off. He also said it would be more like real wrestling. He video recorded them wrestling. Jack didn't like it.

Jack likes his neighbour, but he doesn't want to wrestle with him anymore. Jack is afraid to tell his mom because he thinks she won't let him play there anymore. What do you think Jack should do?

## Answer questions about the story.
